

Krames On-Demand 3.0 HealthSheet Card Catalog

Use this list to find all HealthSheets that have a specific word or phrase in the title. For example, to find all the HealthSheets that have the word "addiction" in the title:

- Click on the binoculars icon on the toolbar above.
- Type in "addiction."
- Click Find to see the first title containing that word.

To find the rest of titles containing "addiction," click on the Find Again button on the toolbar (small binoculars with arrow) multiple times until a message appears saying you have searched to the end of the document.

When you find a title you want, locate it in the HealthSheets A-Z list (using the first letter of the title as listed here) or in the Notebook and Category shown for that title.
